SCAM DECODED · FOR LIBRARIES, SENIOR CENTERS AND CHURCHES

Scam awareness talks

A friendly, plain-English session on phone, text and online scams, for older adults and their families. Nobody is made to feel foolish.

Community talk — **$150**

45-minute talk with Q&A, slides, and the large-print handout as a PDF for you to print. In person (within [distance] of [town]) or on Zoom.

Talk + printed handouts — **$225**

Everything above, plus printed handouts for up to 40 people and a sign-up sheet for free weekly scam alerts.

Workshop — **$300**

75 minutes: the talk plus hands-on help, setting up silence-unknown-callers, blocking and spam-text reporting on people's own phones. Up to 25 people; we recommend 1 volunteer helper per 8.

Free talk with the pack — **$0**

No speaking fee if the venue offers the $7 Scam Decoded for Seniors pack at the end (one short mention, no pressure), or buys a $49 group print license so you can print the pack for everyone.

Every talk includes

- The 3 warning signs, the scams going around right now, and practice saying the hang-up lines out loud
- Three real-life practice scenarios and time for questions
- A 2-page large-print handout with official numbers

Nonprofit or tight budget? Ask: we'd rather give the talk than not. Travel beyond [distance]: [mileage rate]. Book: [email] · [phone]
